

## Directions to Experimental Station

**6100 S. Blackstone Ave, Chicago 60615; 773.241.6044**

The Experimental Station is located in the building at the corner of Blackstone Ave and 61st Street, in Chicago. You will approach from Dorchester Ave and turn east (towards the Lake) on to 61st Street. As 61st Street curves to the left, you will see Carnegie Elementary School, then a walled garden. Take a right turn at the corner (your only option) and you will be on a short, unconnected spur of Blackstone Ave. The building and the entrance doors are on right side, first B'Gabs Goodies, then an unused door, and finally the main entrance.

### By CTA or Metra

- The #59 bus stops at 61st and Dorchester and connects with the Redline at the Garfield Stop.
- The #6, #2, #28X buses stop at 59th & Stony Island and are usually the quickest connections to Downtown.
- The Metra's South Shore Electric Line stops at 57th & 63rd Streets.

### By Car

- From the north, take Lake Shore Drive. Exit at 57th Drive, which becomes Cornell Drive, then turn right on to Midway Plaisance. Turn left on Dorchester.
- From the south, take Stony Island. Turn left on 63rd St, then right on Dorchester.
- From the west, take 63rd Street. Turn left on Dorchester.
- Street parking is free and generally plentiful.

### By Bike

There are bike-racks on Blackstone across from the building.
